

RESOLUTION NO. 2004-48

A RESOLUTION OF THE LODI CITY COUNCIL MAKING PRELIMINARY
DETERMINATION TO ANNEX TWO TERRITORIES TO A MAINTENANCE
ASSESSMENT DISTRICT, TO FORM TWO ZONES, TO LEVY AN ANNUAL
ASSESSMENT FOR COSTS INCURRED AND PRELIMINARY APPROVAL OF
ENGINEER'S REPORT

MILLSBRIDGE II ZONE 3
AND
ALMOND NORTH ZONE 4
LODI CONSOLIDATED LANDSCAPE MAINTENANCE
ASSESSMENT DISTRICT NO. 2003-1
(Landscaping and Lighting Act of 1972)

NOW, THEREFORE, BE IT RESOLVED by the Lodi City Council that:

1. The City Council proposes to annex two territories to an existing assessment district, to form two Zones, and to levy and collect assessments pursuant to the Landscaping and Lighting Act of 1972 (Streets & Highways Code §22500, et seq.) (the "Act").
2. The improvements to be installed and/or maintained in the territories to be annexed are generally described in Exhibit A (Millsbridge) and Exhibit B (Almond North) attached hereto and incorporated herein as though set out in full.
3. The territories to be annexed shall be known as follows:
 - A. Millsbridge II Zone 3, Lodi Consolidated Landscape Maintenance Assessment District No. 2003-1 (Landscaping and Lighting Act of 1972), City of Lodi, San Joaquin County, California. The territory to be annexed, Millsbridge II, is a residential area comprising 32 lots, south of the Woodbridge Irrigation District canal, west of Lakeshore Drive, and north of Tienda Drive in the City of Lodi, California.
 - B. Almond North Zone 4, Lodi Consolidated Landscape Maintenance Assessment District No. 2003-1 (Landscaping and Lighting Act of 1972), City of Lodi, San Joaquin County, California. The territory to be annexed, Almond North, is a residential area comprising 28 lots, north of Almond Drive and east of Stockton Street in the City of Lodi, California.
4. Thompson-Hysell Engineering, a division of The Keith Companies, Inc., of Modesto, California, is directed to prepare and file a report in accordance with Article 4 (commencing with Section 22565 of Chapter 1 of Streets & Highways Code).

5. Thompson-Hysell Engineering, a division of The Keith Companies, Inc., designated engineer, in accordance with the Council's directive herein, has filed with the City Clerk the Report required by Section 22585 of the Act, which Report is hereby preliminarily approved.

Dated: March 17, 2004

=====

I hereby certify that Resolution No. 2004-48 was passed and adopted by the City Council of the City of Lodi in a regular meeting held March 17, 2004, by the following vote:

AYES: COUNCIL MEMBERS – Beckman, Hitchcock, Howard, Land, and
Mayor Hansen

NOES: COUNCIL MEMBERS – None

ABSENT: COUNCIL MEMBERS – None

ABSTAIN: COUNCIL MEMBERS – None

San Joaquin County, California

BY:

I HEREBY CERTIFY that the enclosed Annual Engineer's Report together with Assessment and Assessment Diagram thereto attached, was filed with the Auditor of the County of San Joaquin on the _____ day of _____, 2004.

_____, City Clerk, City of Lodi
San Joaquin County, California

BY:

March 9, 2004

The Honorable Mayor and
City Council of The City of
Lodi, CA

To Whom It May Concern:

This report is prepared pursuant to and in compliance with the requirements of the "Landscaping and Lighting Act of 1972," as amended, commencing with the Streets and Highways code sections 22500, et seq. for the creation of two new zones (Millsbridge II Zone 3 and Almond North Zone 4) in the Lodi Consolidated Landscape Maintenance Assessment District No. 2003-1.

BACKGROUND

The Millsbridge II zone consists of a 27-lot residential development and 5 adjacent parcels which, when subdivided, will equal 11 dwelling unit equivalent Factors (dueF's) located in the southwestern portion of the City of Lodi. The development is being pursued by Ron Thomas Development, Tokay Development, and Almond North LLC. The Almond North zone consists of a 28-lot residential development in the southeastern portion of the City of Lodi. The development is being pursued by Almond North LLC, a California Limited Liability Company. This report is relative to the proposed Millsbridge II Zone 3 and Almond North Zone 4 Landscape Maintenance Districts of the City of Lodi Consolidated Landscape Maintenance Assessment District No. 2003-1 which provides annual funds for the maintenance of various public landscape improvements.

PHASED DEVELOPMENT

The Millsbridge II Zone 3 and Almond North Zone 4 developments are currently anticipated to be constructed in a single phase. Annually, the additional public amenity improvements and the additional developed areas, if any, shall be identified. The costs of the maintenance of the new improvements, if any, shall be added to and included in the next annual landscape maintenance budget. These amounts for the additional improvements were accounted for in determining the maximum annual assessment (see Exhibit A). The Millsbridge II Zone 3 and Almond North Zone 4 projects, when completed, will include 38 and 28 dueF's, respectively.

ASSESSMENT DISTRICT AREA

The areas of Millsbridge II Zone 3 and Almond North Zone 4 are described as all of the property within the following assessor's parcels identified by assessor's number (APN):

<u>Zone</u>	<u>Book</u>	<u>Page</u>	<u>Parcel</u>
3	031	040	10-12, 14, 35, 38
4	062	060	14, 15

Boundary maps are attached to this Engineer's Report as Exhibit B. The assessment diagrams for the Millsbridge II Zone 3 and Almond North Zone 4 Landscape Maintenance Districts are attached to the Engineer's Report as Exhibit C. Sheet 1 of the assessment diagrams is a simple overall boundary map. Sheet 2 is the County Assessor's map and is incorporated in, and made a part of, the assessment diagram.

PLANS AND SPECIFICATIONS

As this project is developed, plans and specifications for the amenity improvements to be maintained by the funds generated by the Millsbridge II Zone 3 and Almond North Zone 4 Landscape Maintenance Districts shall be filed with the City of Lodi and will be incorporated into this report by reference.

DESCRIPTION OF AREAS TO BE MAINTAINED

The Millsbridge II Zone 3 and Almond North Zone 4 Landscape Maintenance Districts are created to provide funding for the continued maintenance of the public areas which are described below. During the installation period for each phase, the installer of the improvements will maintain the new improvements until the following June 30, or until such time as funds are available for maintenance, at which time the new areas shall be incorporated into the areas already being maintained by the District.

The following improvements shall be included in the Districts upon their completion.

1. Zone 3 – Description of Improvements for Future Development

- A. Street parkway trees located within the public street within the District Zone 3 boundary.
- B. Public park land area of 0.3553 acres in size equivalent to the current level of service standard for park area within the City of 3.4 acres per 1000 persons served.

2. Zone 4 – Description of Improvements for Future Development

- A. Street parkway trees located within the public street within the District Zone 4 boundary.
- B. Public park land area of 0.2618 acres in size equivalent to the current level of service standard for park area within the City of 3.4 acres per 1000 persons served.

ALLOCATION OF COSTS

Assessments for the Millsbridge II Zone 3 and Almond North Zone 4 Landscape Maintenance Districts are apportioned in a manner intended to fairly distribute the amounts among all assessable developed parcels in proportion to the estimated benefits to be received by each such parcel. A parcel is considered as being developed by reason of having been included as a lot or parcel in the Millsbridge II Zone 3 and Almond North Zone 4 recorded Final Maps or being included within the active developed area in the case of an existing parcel. The criteria for apportioning the costs for the maintenance makes use of a dwelling unit equivalent Factor (dueF) to calculate the benefit for all uses in terms of equivalent dwelling units. The terms, definitions, and procedures followed to develop the annual assessments are as follows:

1. Dwelling Unit Equivalent Factor (dueF)

The dueF for each use is as follows:

A. Single-Family Residential

All parcels determined to be developed for single-family use shall have a dueF of 1.0 for each parcel. One parcel has been designated for duplex use. This parcel will be assigned a dueF of 2.0.

B. Multiple-Family Residential

All parcels determined to be developed for multiple-family residential, other than duplex or triplex uses, shall have a dueF of 5.0 per acre for each parcel, in general representative of the approximate single-family yield if the area were developed for that use.

C. Commercial/Office

All parcels determined to be developed for commercial or office use shall have the dueF factor calculated as follows:

5 dueF per acre for the first 7.5 acres

2.5 dueF per acre for the next 7.5 acres

1.25 dueF per acre for all acreage over 15 acres.

D. Other Uses

All parcels determined to have uses other than identified above shall have a dueF established at the time of the first annual budget affecting such areas as determined by the Engineer or other officer appointed by the City of Lodi to prepare the annual cost spread. The determined dueF shall follow the character of the factors assigned above as nearly as practicable, but the determination shall be the sole responsibility of the appointed party and the City of Lodi.

E. Zero Dwelling Unit Equivalent Factor (dueF)

Certain parcels, by reason of use, size, shape, or state of development, may be assigned a zero dueF which will consequently result in a zero assessment for that fiscal year. All parcels having such a zero dueF for the previous fiscal year shall

annually be reconsidered to determine if the reason for assigning the zero dueF is still valid for the next fiscal year. Parcels which may be expected to have a zero dueF assigned are typically parcels which are all, or nearly all, publicly landscaped, parcels in public ownership, parcels owned by a public utility company and/or used for public utilities, public parks, public schools, and remainder parcels too small or narrow for reasonable residential or commercial use, unless actually in use.

1. Area Adjustments

Parcels which have an assessment determined by area and which have a portion of the parcel occupied by public or public utility uses separate from the entitled use and located in easements, prior to the multiplication by the dueF, shall have the area of the parcel adjusted to a usable area to reflect the loss or partial loss of the entitled use in those areas. This reduction shall not apply for normal peripheral and interior lot line public utility easements generally existing over the whole subdivision.

2. Compilation

Annually, about May 15, following the determination of the dwelling unit equivalent Factor (dueF) for all developed parcels and the determination of the list of developed parcels by APN for the next fiscal year, all single-family or duplex/triplex residential parcels shall have a dwelling unit equivalent (due) assigned to each parcel equal to the dueF for that parcel. For all parcels other than single-family or duplex/triplex residential parcels, the product of the dueF times the area or adjusted usable area of the parcel, as appropriate, shall be calculated and shall be the due assigned. For developed parcels, the sum of the due assigned to each single-family due for each other parcel shall equal the total due for the next fiscal year. The total amount of revenue required for the next fiscal year shall then be divided by the total due to calculate the assessment per due for the next fiscal year. Parcels defined as not developed for the purposes of determining the landscape maintenance assessments will all have a zero dueF and consequently a zero due and a zero assessment.

3. Allocation of Assessments

The assessment for wall maintenance for the next fiscal year shall then be set for each parcel as the product of the calculated dwelling unit equivalent (due) for each parcel, multiplied by the assessment per due for the next fiscal year.

METHOD OF ASSESSMENT SPREAD

In compliance with the provisions of Proposition 218, adding Article XIII D to the California Constitution, the benefits conferred on each parcel within the Lodi Consolidated Landscape Maintenance District No. 2003-1 are particular and distinct benefits (hereinafter "special benefits") over and above general benefits conferred on such property or to the public at large, in that the individual letter-designated zones in the District each represents a common unit to provide landscape, park, and related amenity maintenance, and monitored irrigation for the development of the property within the individual letter-designated zones in the District generally for residential and related urban uses. Benefits are determined to be 100% special benefits and 0% general benefits. Also, in keeping with the requirements of Proposition 218, no annual individual assessments shall be

increased above the amounts assessed under the established criteria for each zone for the preceding fiscal year without an election approval.

The base objective of the assessment spread is to distribute costs in accordance with the benefits received. Costs will be spread equally to each residential lot as follows:

1. Zone 3: Lots 1-27 in Millsbridge II, APN 031-040-10 (3 future lots), APN 031-040-11 (3 future lots), APN 031-040-12 (2 future lots), APN 031-040-14 (1 future lot), and APN 031-040-38 (existing duplex) shall be assessed equally for the estimated costs of maintenance for the fiscal year 2004-2005.
2. Zone 4: Lots 1-28 in Almond North shall be assessed equally for the estimated costs of maintenance for the fiscal year 2004-2005.

ANNUAL ESCALATION

The maximum assessment amount for each fiscal year shall be increased in an amount equal to the greater of: 1) five percent (5.0%), or 2) the percentage increase of the Local Consumer Price Index (CPI). Consumer Price Index applied is for the San Francisco-Oakland-San Jose County Area for All Urban Consumers, as developed by the U.S. Bureau of Labor Statistics for a similar period of time.

ADMINISTRATION

It is intended that the City of Lodi, either directly or by subcontract, shall have the responsibility to establish an ongoing Landscape Maintenance Management entity to be known as the Landscape Maintenance District Manager which shall be responsible to establish the annual budget, keep an accounting of the maintenance and operational administrative costs, administer and perform the landscape maintenance either directly or by subcontract, pay all fees, utility costs, taxes, and any and all other operating costs.

ESTIMATE OF COSTS

The location and size of a park serving these subdivisions has not yet been determined. The estimated costs are for public amenity maintenance only. All improvements will be installed at no cost to the Landscape Maintenance Assessment District. The assessment will not be levied until needed, upon development and City acceptance of the improvements.

Items considered in the maintenance cost include, but are not limited to: Water for plants and trees, weeding, pruning, mowing, replacement of plants and trees that may die, maintenance of pavement and sidewalks, and maintaining and replacing all sprinkler lines and heads.

The annual costs estimated to be collected with the 2004-2005 taxes for the developed areas are as follows:

<u>ZONE 3</u>	<u>FY 2004-05</u>	<u>FY 2004-05</u>
